School Specific Service

We are a specific service with over a decade of experience specifically in education. We understand how schools work and how best to support them.

One Cost Solution

There are no hidden charges or additional fees. We have developed packages for all budgets – priced by the service rather than by the hour. If something takes longer to fix – your bill is the same!

No Clock Watching

We don't just down tools when time is up. The service is flexible and we believe in supporting the customer rather than hard limits on hours. If there's a busy week, trust we are there to help.

Always There

We pride ourselves on being a friendly customer focused service, working as a trusted partner towards the school's objectives. Contactable 7 days a week – ready for whatever Monday brings!
